

(SRI A. G. RAMACHANDRA RAO.)

College is transferred to Bangalore, we will not be put to the necessity of incurring further expenditure in the matter.

Sri K. PUTTASWAMY.—Is it not a fact that the Minister for Law who inspected the spot came to the conclusion that there was no need to shift the College and passed a minute to the effect that additional buildings should be put up?

Sri A. G. RAMACHANDRA RAO.—Yes, Sir, that was the proposal made by us. But the Cabinet decided that it would be better to shift it to Bangalore in the interest of economy.

Sri T. MARIAPPA.—Are Government aware that buildings have been donated specially for the purpose of this Ayurvedic College?

Sri T. CHANNIAH.—Yes.

Sri T. MARIAPPA.—Are Government aware that sufficient material for clinic is available in the Medical College at Mysore which could be made use of?

Mr. SPEAKER.—The Hon'ble Minister has replied that they have taken all these facts into consideration and finally decided in the interest of economy to shift it to Bangalore.

Sri T. MARIAPPA.—When did Government discover this new factor of insufficiency of clinic material? When did this come to their knowledge?

Sri A. G. RAMACHANDRA RAO.—Sir, I think it is to Krishnarajendra Hospital to which my Hon'ble friend is referring to. There it is Allopathic treatment that is being given; we want patients to be given Ayurvedic treatment and not Allopathic.

Sri T. MARIAPPA.—Are not the Trainees in Ayurvedic given training in Allopathy also?

Sri A. G. RAMACHANDRA RAO.—It may be; but the reverse is not the fact.

Mr. SPEAKER.—We are entering into discussion. Question hour is over.

QUESTIONS FOR ANSWERS ON THE DAY

(but not taken up).

Tanks in Kanakapura Taluk (construction).

Q.—9. Sri S. KARIAPPA (Virupakshapura).—

Will the Government be pleased to state:—

(a) whether they are aware that there are nearly 25 good sites for construction of irrigational tanks in Kanakapura Taluk, there being full of rivers and rivulets;

(b) of these, the names of those that have been examined;

(c) whether they intend to have all the proposed irrigational schemes examined and surveyed by posting special staff?

A.—Sri H. M. CHANNABASAPPA (Minister for Industries).—

(a) Six sites have been investigated. The availability of others has to be investigated.

(b) 1. Construction of a new tank near Bhoohalli.

2. Construction of a reservoir across Bheema river near Saslapura.

3. Construction of a reservoir across Arkavathi near Arobele.

4. Construction of a new tank near Thattaguppe.

5. Construction of a reservoir near Hulibele.

6. Construction of an anicut across Suvarnamukhi river near Kade-gowdanadoddi.

(c) Some are already being surveyed. The conduct of survey in regard to others will be considered in due course.

Channel to Doddakere in road running from Anekal Town to Bannerghatta (Construction).

Q.—418. Sri H. T. PUTTAPPA (Hoskote-Anekal-Scheduled Castes).—

Will the Government be pleased to state:—

whether they would re-examine the request made to dig a channel to
